"Love it! It's s'mores-a-licious!"

Brit Kjelleberg

"A sumptuous gourmet treat that takes you back to all the s'mores pleasure you had as a child--and way beyond! One bite and you're there!"

Diana Kirschner, Ph.D.

"Let me tell you about Andi's S'more Smoochies, otherwise known as 'Halloween meets my favorite campfire memory'. You cannot resist the next bite, or the one after that. Then you've finished and you want another one. If you stop after having just one it's probably because you didn't have two."

Fred Koufax

"Mmmm....deeee-licious! It's such a good taste. Really fresh! The chocolate, marshmallow and hint of peanut butter is really special and leaves a wonderful taste in your mouth".

Bob Kennedy

"Its crazy delicious !!"

Julie Wallack

"Wow! I just got a package and tried my very first smoochie. It was fabulous, with 10 seconds in the microwave and the added peanut butter taste, it was wonderful. I've only tried the one, but I wanted to let you know how good they are."

Karen Waddington

"It's so fresh and luscious. Scrumptious! "

Becky Wang
